

With the arrival of spring, we wanted to share some of the helpful resources provided by our participation in the Marin Wildfire Prevention Authority, our support of the community organization Inverness Fire Wise and the County Office of Emergency Management to keep the community safe and prepared.

CHIPPER DAY SIGN-UP

Chipper Days - Marin Wildfire Prevention Authority has opened up Chipper Events from April to October to help us clean up flammable vegetation. See the rules and make a reservation here:

ALERTMARIN

TEST ON MARCH 23 AT 10:00 AM

Register for emergency alerts at AlertMarin.org.

On Saturday, March 23, the County's Office of Emergency Management will conduct a countywide test with a 10:00 am notification sent to opted-in cell phones, landlines, and emails of those registered for AlertMarin.org.

All who live or work in Marin County are encouraged to sign-up to receive emergency alerts ahead of the test. Those already registered are asked to sign-in and manage their account by verifying their contact information is up to date. Once a person registers with AlertMarin, information can be updated at any time about the registrant's contacts, a child's school, a workplace, or a relative's home.

It only takes about 10 minutes to register for a service that could save your and your families life in the event of a major disaster.

Inverness Public Utility District urges community members to register now on AlertMarin.org.

INVERNESS
DISASTER COUNCIL

Keep your Inverness Disaster Council Neighborhood Liason Informed of any updated information concerning emergency contacts. If you need to update your information, click the link below and download a form from our website:
